You will have studied **one sustainable tourism project** from **outside of the UK**.

(c) Explain what the project is trying to achieve.

[4]

Name of sustainable tourism project: Ibiza

The island Ibiza tends to attract 2 different types of tourists those who want to relax and enjoy a chilled out holiday and 'Youth' those who want to party and enjoy themselves by drinking alcoholic beverages. The half of the Island where people want to relax hate those on the other side partying because they 'cause too much trouble' and ruin there holiday time.

(c) Explain what the project is trying to achieve.

[4]

Name of sustainable tourism project: kas ba touba

Kas ba touba is located in Morocco and the project that they're running is trying to achieve sustainable tourism and to sustain the environment. They do this by teaching tourists about sustainability which encourages some tourists to take up sustainable tourism. Another way to achieve sustainable tourism that they have introduced is laws such as no open fires, sound limits so it doesn't disturb wildlife and also making sure to bury any waste instead of leaving it on the ground.

5. (d) For **one** area you have studied, evaluate the *availability of leisure facilities* provided for different types of people. [8]

20

The availability of leisure facilities varies from area to area.

- (d) For **one** area you have studied, evaluate the *availability of leisure facilities* provided for different types of people. [8]

Name of area: Alton tower provide different facilities for tourist so that they can keep getting different target market groups and expand the facilities even more. The facilities that they provide is thrill secors. Thrill secors are the ones that when they make a new ride those people are the first to ride it as they ~~se~~ get a thrill out of it.

The availability of leisure facilities varies from area to area.

The availability of leisure facilities varies from area to area.

- (d) For **one** area you have studied, evaluate the *availability of leisure facilities* provided for different types of people. [8]

Name of area: Blackpool

Blackpool is most famous for its Pleasure beach. The pleasure beach is more designed for families and the younger generation since it's an amusement park with fast rides and childrens rides. It does provide wheelchair access and nurses working there in case anyone needs medication for any incidents.

Blackpool also has the well known ballroom which coincidently I've forgotten the name of. It is popular especially when T.V. show 'Strictly come dancing' is aired there. It is accessible for anyone of any age and has available access even if you're disabled.

B5d: 4

The availability of leisure facilities varies from area to area.

- (d) For **one** area you have studied, evaluate the availability of leisure facilities provided for different types of people. [8]

Name of area: Greenwich

The availability of leisure facilities provided in Greenwich is very good the reason is that the area is very multi-cultural and has many different types of people. This means that the gov. government has to some way met everyone's needs. In Greenwich there are many different or leisure centres available for people to go and either go swimming, use the gym, go yoga and many more. There are also fields available for the public to play sports like football, hockey, rugby and more. Another availability of leisure facilities is that there are youth centres for range of different ages. A youth centre is a place where young people go and many different types of leisure activities. This is mainly aimed at people from ages to 11-18.

UK destinations appeal to different types of tourists.

- (b) For **one** UK tourism destination you have studied, describe the range of attractions and facilities which appeal to different types of tourists. [8]

Named UK tourism destination:

Peak district provides walk routes for tourist that like to hike this is an advantage because most people that visit the peak district go for the walks and views that you get at the end when you have finished hiking.

People may visit the peak district for the songs that have be discovered over the years and all of the history behind it all.

UK destinations appeal to different types of tourists.

B6b: 3

UK destinations appeal to different types of tourists.

- (b) For **one UK** tourism destination you have studied, describe the range of attractions and facilities which appeal to different types of tourists. [8]

Named UK tourism destination: London.

London has so many attractions such as: Big Ben, 10 Downing Street, madam tussauds, Buckingham palace, Piccadilly Circus, London eye, O2 arena and many more.

It also has various facilities like Special Doctors and surgeons or business chains.

The attractions in London are for everyone especially those outside of the UK, and families from different areas in England. The vast majority of London's attractions have access for those with disabilities and special needs.

The facilities however are more designed for those who are in London on business or for body/health repairs. These also can be accessed by anyone with disabilities too.

UK destinations appeal to different types of tourists.

Named UK tourism destination: Blackpool

In Blackpool there are many range of attraction and facilities which appeal to different type of tourists. One of the attractions in Blackpool is Blackpool beach this appeals to families the reason for this is that the sea is blue flagged which means it's safe for people to swim and families don't have worry about ^{their} children getting ill after a swim. Another attraction in Blackpool is Blackpool fair ground. I think this would appeal to young people due to the thrill they may get from going on the rides. To add to that Blackpool having the tallest rollercoaster in Britain ^{this} may attract young people. Also in Blackpool there many areas that can hold conference such as hotels and halls. this would attract business people to come if ~~the~~ ^{they} are there on a business trip.
