

Worksheet 5 – Religious Groups Voting for Trump

Study the graph below. Since the Presidential elections of 2000 each religious group has been consistent in the majority supporting one presidential party or another. Study the list of religious groups in the table below the graph and consider which number on the bars in the graph represents each group. Enter the number in the second column of the table. Three groups have already been allocated for you.

The percentage of each religious group voting for Trump

Religious Group	Graph label
Protestant/other Christian	4
Hispanic Catholic	
White, born again/evangelical Christians	
Total Catholic Voters	5
Religiously unaffiliated to other groups	7
Other faiths (Muslim, Hindu, Buddhist)	
Mormon	
White Catholic	
Jewish voters
