

Activity sheet 1: Exploring the issue:

1. Labour force: Use the link below to understand labour forces in different countries:

<http://data.worldbank.org/indicator/SL.AGR.EMPL.ZS>

2. % Exports: Using the graph below identify some of the issues associated with primary product dependence.

Primary Product Dependence

Countries ranked by dependence on nonrenewable natural resources (fuels, ores and metals, diamonds and gold); excluded countries with populations of less than 10 million.

3. Economic growth and development: Use the resource below to identify the key issues countries face with economic growth and development.

<http://www.slideshare.net/tutor2u/barriers-to-economic-growth-and-development>

4. Exports of different countries: Use the link below to identify which countries export which products.
