

## Worksheet 4 – Hierarchy and authority - Social and psychological reasons

Place a ✓ in the correct column to note whether the reasons regarding *rejection of equality* are *Social* or *Psychological*.

Rejection of equality reasons	Social reasons	Psychological reasons
Inequality is a feature of organic society.		
Individuals need to know what is expected of them.		
People need to know their station in life.		
Paternalism.		
Inequality of wealth and social position is vindicated by an equivalent inequality of social responsibility.		
Authority rebuts rootlessness.		
Everyone needs help, care and security.		
Natural aristocracy.		
Authority contests anomie.		
Authority is ingrained in the nature of society.
